

SkinCeuticals

SkinCeuticals, developed by Dermatologists, established in 1997.

Designed to prevent and protect against sun damage and harmful free radicals (sunshine, smoke, environment), SkinCeuticals are market leaders in Vitamin C technology and the first to develop a topical Vitamin C product using L-Ascorbic acid which has been proven to stimulate collagen, neutralize free radicals and is also an anti-inflammatory.

In particular the amazing CE Ferulic offers you 8 x your natural photo-protection. To you and I, that's SPF. It is the most powerful antioxidant on the market today.

- SkinCeuticals antioxidants must be combined with a broad spectrum sun block to achieve best results.
- SkinCeuticals antioxidants are designed for all skintypes and are easy to apply. A once a day application, 4-5 drops to be applied on a clean skin.

Anti-aging skincare & cosmeceuticals

SkinCeuticals: quality products backed by science

"Prevention, protection & correction"

C E Ferulic

Studies demonstrate that C E Ferulic delivers an unprecedented 8 x photo (sun) protection and up to 96% sunburn cell reduction - providing unmatched anti-aging benefits. No other anti-oxidant technology had been shown to deliver comparable levels of sun protection. Studies show C E Ferulic combined with a broad-spectrum

sun block has the ability to prevent mutation in skin cells associated with the formation of skin cancer. After the first application the skin will benefit immediately and will begin the prevention process and a firmer smoother appearance will be noticed. 15ml bottle dropper. **£60.** 30ml **£115.**

Vitamin Serum C+AHA

The 2 in 1 antioxidant treatment that works by 2 different mechanisms to help improve the appearance of aging skin. Oil free fast absorbing gel enters the skin within seconds. A 10% concentration of hydroxy acids (8% glycolic acid, 2% lactic acid) exfoliates to smooth the skin and help create a more youthful appearance, by removing the rough outer layer of the skin. Delivers 15% stabilised L-ascorbic acid to the skin. Strongest most effective anti-oxidant has been proven to destroy free and oxy radicals. After the first application the skin will immediately benefit and will begin the prevention process and a firmer smoother appearance will be noticed. 15ml bottle dropper.

£58. 30ml **£110.**

Phyto+

Oil free gel contains plant extracts, which help diminish the appearance of brown spots naturally and promote a clear, fresh looking complexion. Helps fade the appearance of sun-induced spots on the face, hands and body. Designed to use with topical vitamin C. Apply a few drops twice-daily using fingertips to any sun damaged skin. 15ml bottle dropper **£35.** 30ml **£63**

IntenseLine Defence

Delivered to the skin in a hyaluronic acid base, this potent night time line minimising treatment hydrates as it aggressively exfoliates dead cells to dramatically improve appearance of the skin. Contains 12% hydroxy acid blend, this oil free gel is the best effective weapon in combating fine lines and wrinkles. Daily application provides deep exfoliation. Contains the highest concentration of hydroxy acids found in the SkinCeuticals range. 30ml bottle dropper. **£49.**

Hydrating B5 Gel

Allows the epidermis to achieve greater suppleness, proper elasticity. Oil free gel is a must for a daily skincare regime. Contains a high concentration of hyaluronic acid, the skin's natural moisturiser. The skin feels smoother, rehydrated and younger looking. 15ml **£32.** 30ml **£55.**

Retinol 0.5

SkinCeuticals Retinol 0.5 Refining Night Cream with 0.5% Pure Retinol

Our retinol product helps stimulate cell regeneration and build collagen to diminish the appearance of fine lines, wrinkles and age spots from both photo-and intrinsic aging. Additionally, it helps minimise the appearance of pore size, while correcting blemishes and blotchiness often associated with problematic skin. Retinol 0.5 is ideal for sensitive skin. When using Retinol you must use a broad-spectrum sunscreen such as Daily Sun Defense, Ultimate UV Defense, Physical UV Defense or Sport UV Defense SPF45 (.

When using Retinol 0.5% care is needed. Please use the product twice a week for the first two weeks to ensure toleration of the product.

Thereafter, usage can be slowly built up to nightly.

Size 30mil, **£37.00**
